Published by the Seniors  
of Gettysburg High School  
at Gettysburg, Pennsylvania

ERE in Gettysburg and vicinity are buildings and memorials that give recognition to the fact that four score and five years ago school children of Gettysburg and Adams County experienced war at first-hand.

They knew well some of the buildings that we are presenting in this book—they were also aware of the deeds of valor that prompted grateful sons and daughters to immortalize the deeds of their ancestors at sites where brave men fought and died to preserve this nation.

We, too, have experienced life in a war torn world. Many of us were called upon time and again to use our energies in supplying necessary materials for a nation that had sent many of its men and women into the armed services. Now all of us have been working toward a better foundation for peace and happiness.

To give expression to our thinking, we have seen fit to combine photographs with art. The photographs express gratitude for memorials to commemorate brave deeds. The art work typifies various phases of the life of a high school student.

The Pride of Every Student Here*

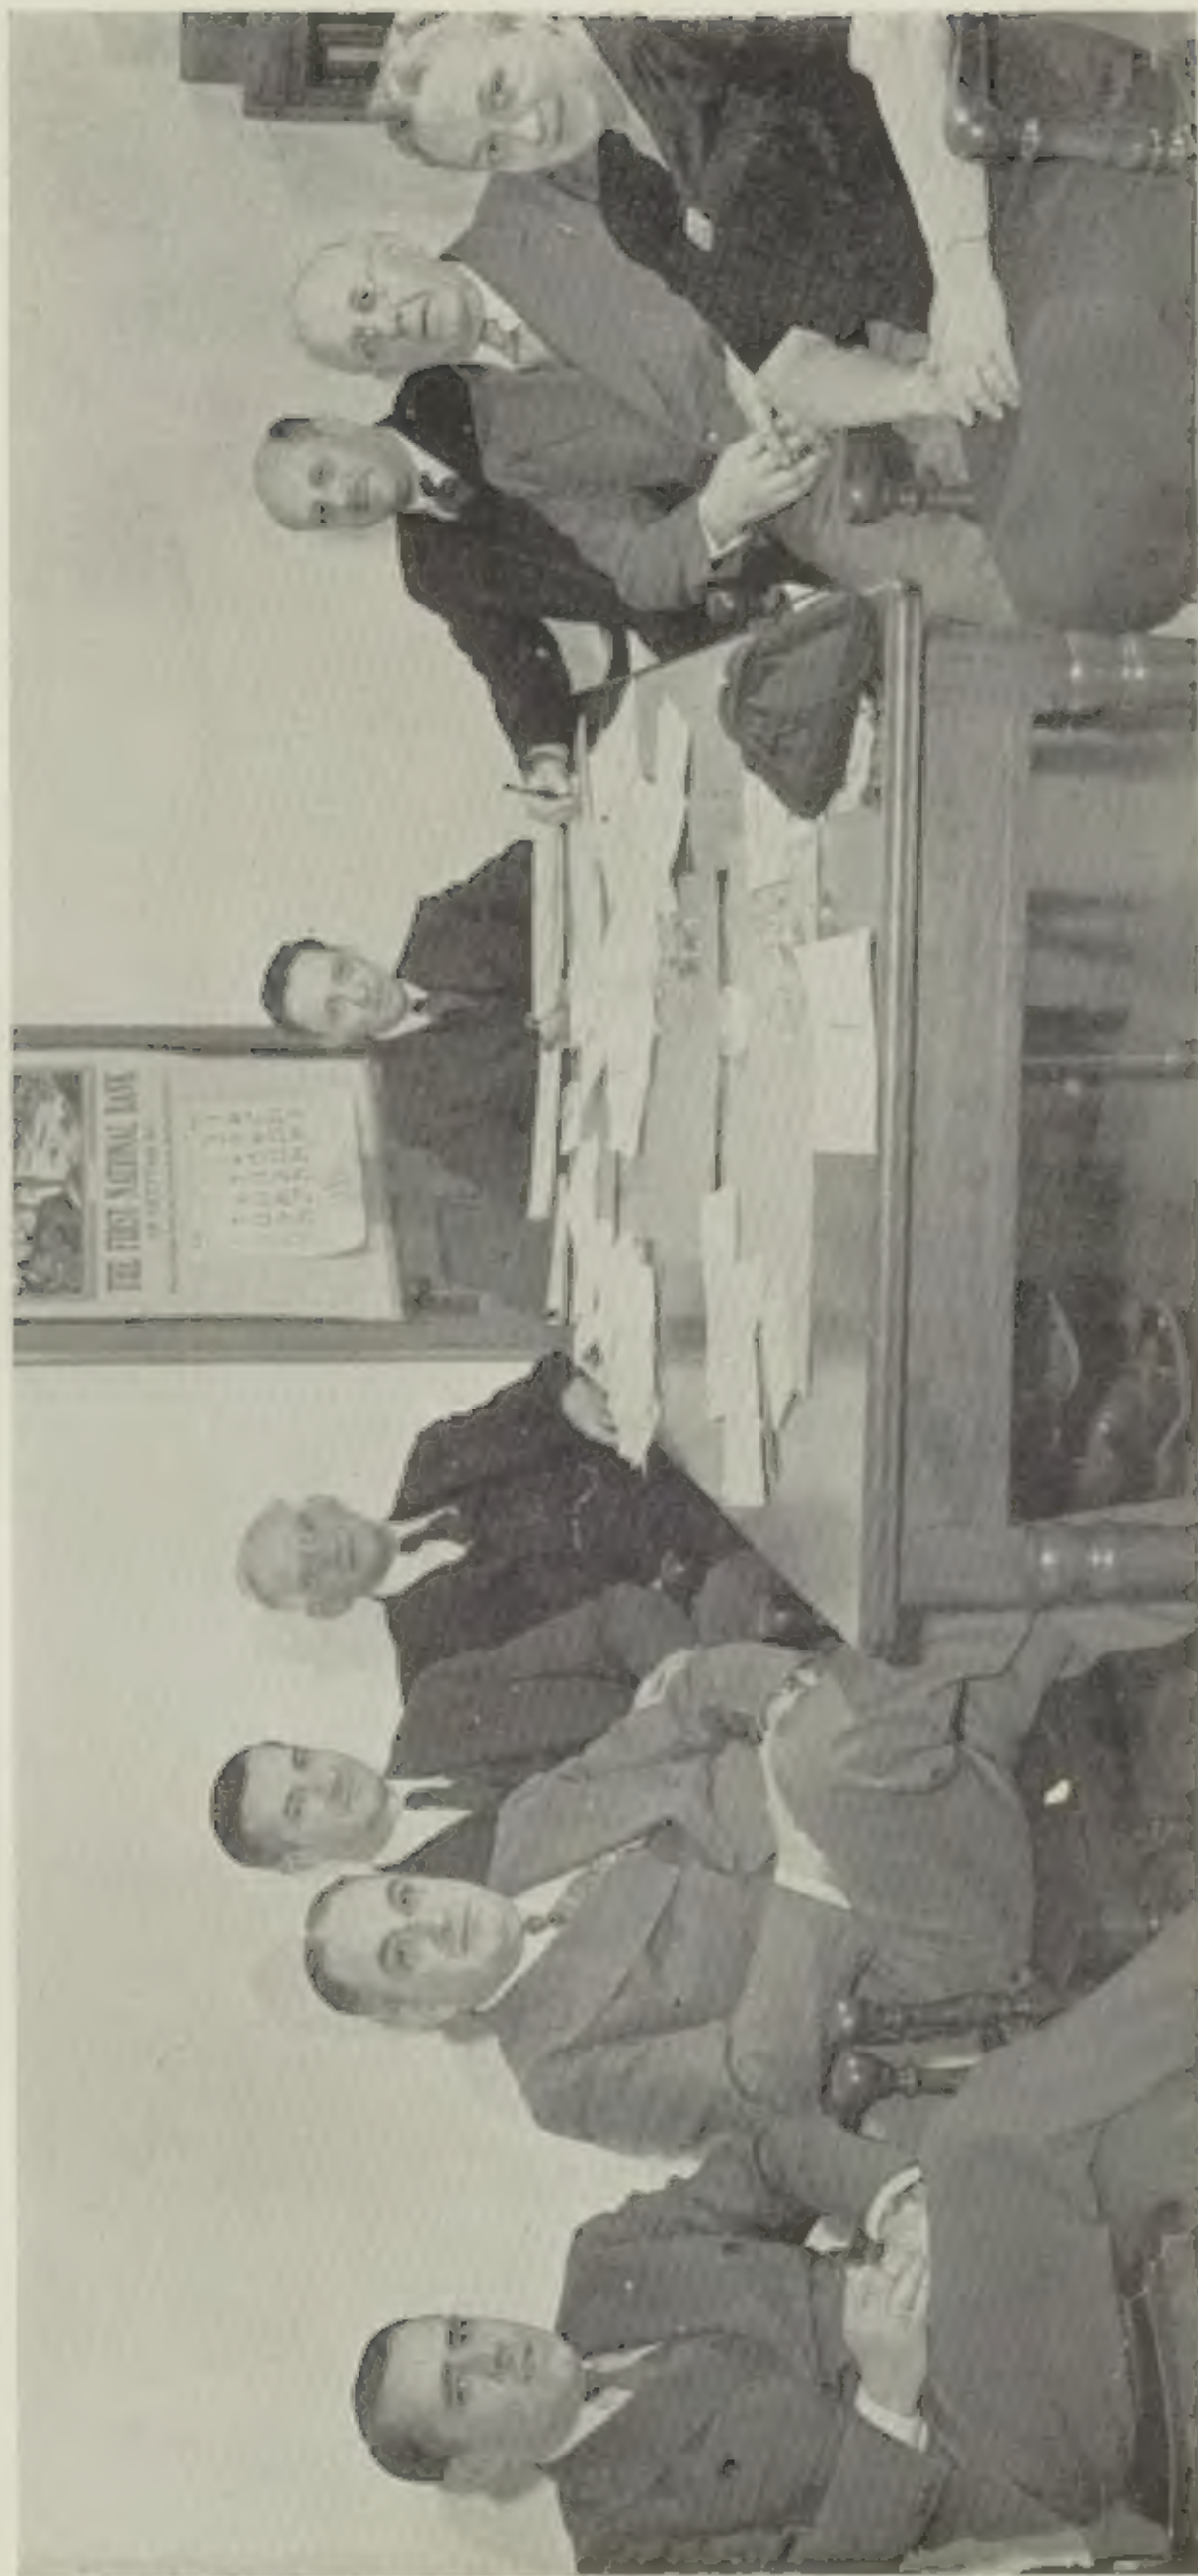

UST south of Cemetery Hill is a small farm house, which was destined both to fame and destruction in the great struggle. The house of Mrs. Lydia Leister before the battle, it became the nerve center of the activity of the Union Army commanded by General George G. Meade. Here on the night of July 2, the Council of Commanding Officers determined the high strategy and course of action which were to determine the fate of the Union. This action was so well exemplified by the immortal saying of Major General Henry Slocum, "Stay and Fight It Out!" Here, too, on the afternoon of July 3, in the relentless shelling of the artillery preceding Pickett's Charge, this small home became a shambles of battle.

LITTLE band of men, a sector of the famous Pickett's Charge moves forward in one of the most tremendous military efforts of all time. Herein is expressed by the sculptor, Gutzon Borglum, in one of the most impressive pieces of sculpture on the Battlefield of Gettysburg, the emotions of the gallant group: an officer, fallen, yet pointing the way to others; a youth, facing his first battle, being counseled by a veteran; the color bearer, bearing forward with the flag, viewing the objective ahead. Here is expressed the ultimate feeling of bravery, resolution and fear on the threshold of battle. Notably enough, troops such as these gained immortal fame for the farthest penetration into the Union lines—a gallant tribute to their leadership and inspired fighting qualities.

## CLASS ADVISERS

It is a pleasure to acknowledge the fine services rendered to the class of 1948 by Mrs. Bower and Mr. Schriver. Particularly during our last high school year when our activities were more numerous than ever, have they counseled and directed us with patience and wisdom. Our parting thought is "You have done a good job. We would do well to follow the example of unselfish service that you have set before us."

## PENNSYLVANIA HALL

Known affectionately on the Gettysburg College campus as "Old Dorn," is a living memorial to the thousands of young men who have passed through its halls. In July, 1863, this edifice of classic beauty built for the purpose of providing classrooms and living quarters for both professors and students, was found serviceable for the purpose of war. To its spacious quarters were brought the wounded and the sick from the grounds round about. It was the headquarters of officers of both armies at different times during the battle.

During World War II, Old Dorn was again used as a hospital and living quarters for the thousands of soldiers who were wounded and killed in the battle.

The story centers around Judy Foster, a lovable teen-age girl who tries to out-run Tootsie Whitman in soliciting for the Community Relief Fund—the winner to be Queen and lead the grand march at the school. Tootsie's determination to win the crown, and the love she has for Oogie, who is in love with Judy, proportions for Judy when she almost makes a new conquest, is mixed up in near-elopement—and, finally, in a last-minute mad rush, goes to the dance with Oogie, the "man" in her life, and believe it or not, she is crowned queen in place of Tootsie.

This dramatic hit tells the demoniacal story of the Manninghams of Angel Street. Under the guise of kindness handsome Mr. Manningham is torturing his wife into insanity. He accuses her of petty aberrations that he has arranged himself; and since her mother died of insanity, she is more than half convinced that she, too, is going out of her mind. While her diabolical husband is out of the house, a benign police inspector visits her and ultimately proves to her that her husband is a maniacal criminal suspected of a murder fifteen years ago in the same house, and that he is preparing to dispose of her. Then starts the game of trying to uncover the necessary evidence against Mr. Manningham. It is a thrilling and exciting melodramatic game.

LOSS OF A HERO  
A TRAGEDY OF THE  
CIVIL WAR

more than every life that is lost. It is a great personal tragedy. It is a tribute to the humanity of the officers and the fighting men at Gettysburg. It is the only one civilian was killed during the three days' struggle. Yet, this incident is evidence enough that even the life of an innocent man can be lost in the course of a stray bullet. It is a beautiful, mercy-minded act. It is a story of years. Jennie Wade was the daughter of an ill sister in a home between the battle lines, whose life held a future of love and home, was ended as surely and as quickly as that of the soldier on the field. Her tragic death illustrates quite forcefully the services that the Home Front has upon to perform and which are done so unselfishly even at the cost of life itself.

The editors are grateful for the help given them in their historical research by Dr. Frederick Tilberg, of the National Military Park office, and Mr. J. A. S. [unclear] school faculty.

# PICTORIAL POWER

The irresistible power of pictures is felt in class record books just as surely as in magazines and other publications. Pictures . . . interesting, life-like and well-reproduced . . . vitalize the yearbook and serve as visual reminders of student life—as it was lived! Faithfully reproducing these pictures through the process of photo-engraving is the job of the Basil Smith System—specialists in publication engraving. Pictorial power to the maximum is assured by our modern facilities, years of experience and well-earned reputation
